

ANT BIRDS CLING TO THE SIDES OF TREES TRUNKS, GRIPPING UP INSECTS THAT
FLY OR JUMP UP TRYING TO ESCAPE.

★ THE SMALL SCIENCE COLLECTIVE! #://smallsciencecollective.blogspot.com

GREEN LEAF-LIKE LOCUSTS ARE NOW JUST IN TIME...

HERMIES PASSES OVER WITHOUT NOTICE OF THE COMPLETELY STILL GREEN LOCUSTS...

IT LIVES TO SEE ANOTHER DAY.

A SPIDER SEES THEM APPROACHING...

AND MAKES A QUICK ESCAPE...

OTHERS ARE NOT SO CUCKY...

A LOCUST CLIMBS TO THE TOP OF A TUA, IN SEARCH OF SAFETY...

THEY WILL TEAR HIM A PART TO CARRY HIM HOME.

DEEP IN JUNGLE IN CENTRAL AMERICA...

AN ARMY MARCHES IN SEARCH OF FOOD...
